Dear Friends,

Here we are - it's Christmas time again. Our world is once again full of light and joy - the magic of Christmas. But with every passing year we seem to have less and less time during this season. There is always so much to do - presents to buy, decorations to put up and food to prepare. You may remember that the supermarket Sainsbury's captured this for us in their Christmas advert last year which showed a man struggling to spend time with his family at Christmas because of all the preparations. His solution was to create numerous carbon copies of himself to carry out all the tasks so that he could have more of that precious time. Unfortunately, we don't have the option to clone ourselves but maybe we could look at how we could find more of that precious time to embrace the most important parts of the season - including spending time with God. Why not take the time to come to one of our Christmas services and take that pause during your preparations - you will be made very welcome.

If you are curious about the Christian faith, we would be delighted to welcome you to our next Alpha course which runs every Monday for 6 weeks from 15th January 2018. Your invitation is on the back of this card.

With best wishes for Christmas and the New Year.
